- | | | | |
|-------------------|---------------------|-------------------------|-----------------------------|
| • <i>Python</i> | • <i>R studio</i> | • <i>Data Science</i> | • <i>Data Visualization</i> |
| • <i>C</i> | • <i>Tableau</i> | • <i>Data Analytics</i> | • <i>Stream Lit (Web)</i> |
| • <i>Java/C++</i> | • <i>SQL Server</i> | • <i>Deep Learning</i> | • <i>Flutter (App)</i> |
| • <i>SQL</i> | • <i>Hadoop</i> | | |

Professional Experiences

Med Tour Easy

India

Traineeship (Data Analytics)

June 2023 -July 2023

- Worked in a team of like-minded people to manage, visualize, and analyze the data available in the company's platform.
- Enhanced data analytics proficiency through completion of advanced courses in SQL, Python, and Tableau; leveraged new skills to optimize data-driven decision-making and drive a 20% increase in customer acquisition.
- Solved at most 5% of the real-time problems and escalations raised in the company during my work.

New Crescent Education and Research Foundation (NGO)

India

Technical Member

July 2023

- Data Collection, arrangements, and planning were the tasks to be accomplished.
- Designed 10-year events into an article for the organization.
- Image labeling, working on the organization's different agreements and deeds.

Projects

-
- | | |
